ABOUT ME

A skilled and results-driven professional with more than five years of robust experience in full-stack software development. Proven ability to build and maintain high-quality, responsive web applications using modern frameworks like ReactJS and Angular. Strong proficiency in TypeScript, HTML5, and CSS3, with hands-on experience in responsive design and styling with Tailwind. Complemented by a proactive shift-left security mindset, ensuring applications are built securely from the ground up. Eager to leverage technical skills and a passion for creating intuitive user experiences to contribute to a fast-growing platform.
